About EFIM

The European Federation of Internal Medicine (EFIM) was founded in 1996 from the Association Européenne de Médecine Interne (AEMI). AEMI itself had been founded in 1969 by members of the UEMS monospecialty section on internal medicine to provide a scientific organisation for European internal medicine.

EFIM was formed by bringing together the national societies of internal medicine from each of the European countries, both inside and outside the European Union, and it currently comprises 37 member Societies representing over 40,000 internists.

The purpose of EFIM is to re-emphasise the importance of Internal Medicine in a world of increasing specialisation.
Educational Support Opportunities

Medical education plays an important role in the quality of healthcare delivered across the globe. Physicians, researchers, scientists and other healthcare professionals are increasingly challenged to maintain their knowledge, skills and abilities within their respective professions. By providing an educational grant in support of the educational opportunities below, you will make a vital contribution to these efforts and support better patient outcomes.

All educational grants are managed in compliance with relevant CME accreditation criteria and industry compliance codes. In order to ensure independence of all CME accredited elements, companies providing grants may not influence the topic, speaker selection, or any other aspect of the content or presentation. No promotional, commercial, or advertising materials may be included in the following opportunities. All support will be disclosed to participants.

All grants are managed in compliance with relevant accreditation and industry compliance criteria.

Educational Grant
Independent educational grants, dedicated to the educational mission of the Annual Congress, are appreciated and important to the success of the event.

Educational Grant in Support of Existing Scientific Session
Educational Grant in support of an Existing Official Session accepted or invited by the Scientific Committee and supported by a grant from the industry.

Educational Participation Grant
As a trusted partner, Kenes Group will take on the responsibility for indirect sponsorship for ECIM 2021. The industry will entrust the Kenes Group and provide educational grants directly, and Kenes Group/EFIM will be responsible for participants (HCPs) pre-selection.

Educational Participation Grants of any amount are appreciated and important to the success of ECIM 2021.
Recipients (HCPs) will need to fulfil the criteria specified by EFIM in order to be eligible to apply for an educational participation grant. Accepted grant recipients will be contacted by the ECIM Secretariat.

E-Posters Area

Kenes e-Posters are a unique combination of scientific posters and interactive content. An e-Poster is an electronic version of the traditional paper poster and is shown at dedicated digital stations at the event.

E-Posters create unique networking and engagement opportunities, generate participants’ interest, and are good exposure for authors. The highly trafficked e-Poster terminals located in prime locations allow attendees to access the electronic presentations easily and conveniently.

Webcasting

The ability to attend all congresses, or even all sessions at a given congress, is impossible for the busy medical professional. Webcasting provides a means of sharing knowledge and learning opportunities beyond the dates of the actual event and thus serves a vital educational need. Materials are saved locally, but at the same time, can be distributed over the web to viewers around the world via a robust cloud server. Viewers can access the broadcasts using PCs, tablets, or smartphones live (as streamed video) or later, as on-demand webcasts.

Kenes offers two types of webcasting options:

- Video includes a video screen of the speaker during the session, PowerPoint slides (in sync with the speaker), and audio.
- Digital Imaging includes PowerPoint slides with audio.
- Support will be recognised on the home screen with “Supported by…” and a company logo only.

*Webcasted sessions to be designated by the Congress Planning Group. Supporters will have no influence on content. EFIM retains the copyright of all the enduring materials in all media formats arising from the main meeting, including the use and distribution rights for webcasting of all congress accredited programming.
