WWW.ASIM.AL

ALBANIA

Albania, on **Southeastern Europe's** Balkan Peninsula, is a small country with Adriatic and Ionian coastlines and an interior crossed by the Albanian Alps. The country has many castles and archaeological sites. Capital Tirana centers on sprawling Skanderbeg Square, site of the National History Museum, with exhibits spanning antiquity to post-communism, and frescoed Et'hem Bey Mosque.

Abstract

OUR PUBLICATIONS

1

To enhance the professional level of internists, thereby providing an elevated standard of care for the patients of Albania.

2

Collaborative sharing of knowledge and best practices with affiliated associations.

3

Facilitating internist networking to access cutting-edge information through specialized courses.

4

Dissemination of findings and insights through reputable medical publications.
