Dear Friends,

It is our pleasure to host already the third postgraduate course of the European Advanced School of Internal Medicine in Riga, Latvia. The program is designed to provide you clinical updates and also help you to develop your non-technical skills such as communication, team working and conflict management - to give you the best possible help as a young specialist in Internal Medicine. The onsite course is designed on the well proven platform of the European School of Internal Medicine (ESIM) for residents, so there will be also plenty of opportunities for networking and socialising in a friendly and international atmosphere.

The applicants must be fluent in English and, ideally, depending on the country training background, with experience up to 3-7 years after completed training in Internal Medicine.

At the Advanced School we aim to accept up to 15-20 residents from European countries, giving priority to applicants from EFIM member countries (<http://www.efim.org/about/member-countries>) and those with previous ESIM participation. Composing the group, we will try to keep it balanced based on experience, motivation and geography.

The registration fee package is 550 Euros regular fee per person which will include the following: accommodation in Radisson Blu Rīdzene Hotel (5*) for 2 nights (2-4 July 2022), all meals, school facilities, internet access, educational materials. You will receive the invoice upon successful selection for the course. We can provide detailed invoices and letters of support on request, as well as certificates upon completion of the course. In case of your potential arrival on Friday, we might facilitate with the additional night booking (package fee is 650 Euros for 3 nights, double rooms available per request).

Travel costs are a responsibility of the participants. The venue from Riga airport is easily accessible by taxi (detailed instruction will be given for participants), no official transfer will be organized.

The provisional topics of the programme and preliminary timetable is available at the website: <https://easim2022.mozello.lv> (if no access to application link, register your interest directly)

For Participants:

please, fill and submit the application link ASAP by Friday, 24th June.

[[EASIM 2022 Application Survey link HERE](#)]

We expect to finalize the final confirmation by Monday, 27th June. If there is a large number of applications, the application deadline might be closed earlier. The participation fee must be paid within one week of the confirmation. In case of cancellation we cannot guarantee any refund after the 27th June.

On behalf of the School, I look forward to hearing from you soon.

With kind regards,

Dr. Ieva Ruža

Director of EASIM in Riga (Latvia)
