It is our great honor to host the Winter School of the European School of Internal Medicine 2025 in Björkliden, Lapland, in northern Sweden.

As with previous ESIM courses, we need help from all of the EFIM National Societies in proposing speakers, and in advertising the School to potential residents. The principle of applying through your Society is that it enables you to select young internists who will most benefit from this educational experience. In order to plan effectively we would like to know your intentions at this stage:

1. Potential Speakers:

Complete Form A via link: [Form A: Speaker Proposal 2025 - Google Forms](#)
Please return by Tuesday, 8th October 2024

We would like to hear from speakers who are interested in participating at ESIM. As you are aware, the travel expenses of speakers will be the responsibility of their National Society, but ESIM will pay for two nights' accommodation and all meals during their stay. Kindly consult the previous/preliminary programme (via website) to aid guide your suggestions.

2. Sending Residents:

Complete Form B via link: [Form B: Intention to send residents 2025 - Google Forms](#)

Please return by Tuesday, 8th October 2024

We also need to know how many residents your National Society is hoping to send to ESIM. **At the Winter School we aim to accept up to 50 residents from EFIM member countries, with a maximum of 3-4 per country.** Ideally, ESIM participants should be under the age of 36 and in the second half of their training in Internal Medicine. They must be fluent in English.

The registration fee will be 1250 Euros per person which will include the following: accommodation for 6 nights, all meals, school facilities, internet access, educational materials and various social activities. The sponsoring National Society will also be responsible for paying the travel costs of each resident. The venue is accessible by airport transfer from Stockholm (detailed instruction will be given to participants). You will receive the **registration form** when we receive your completed Form B (Intention to Send Residents). **We kindly ask that the names of residents be submitted by 31st October 2024 to:** esim.winter.sweden@gmail.com

The provisional topics of the programme and preliminary timetable are available at the website: <https://efim.org/esim2024/>

On behalf of the School, I thank you for your continued support and I look forward to hearing from you soon.

With best regards,

Dr. Christine Sävervall

Director of ESIM Winter School in Björkliden (Sweden)
