Subject and objectives of the activity AAIM

- 1. Organizes international conferences and congresses, educational programs and projects, scientific and practical courses and seminars in the field of internal medicine.
- 2. Cooperates with famous experts and institutions of internal medicine in different countries and promotes the development of science and technology in this field in the Republic of Armenia, the exchange and implementation of international experience.
- 3. Promotes the development of preventive medicine in the Republic of Armenia aimed at reducing risk factors and early diagnosis of chronic diseases by introducing screening programs to maintain and improve the health of the population, guided by the "golden" words "It is easier to prevent than to cure".

Subject and objectives of the activity AAIM

- 4. Developes and applies new methods and approaches to the management of comorbid pathologies, as well as strategies for managing these diseases, long-term monitoring in accordance with the requirements of modern medicine.
- 5. Promotes the development geriatric and longevity medicine in the Republic of Armenia, to maintain mental, psychological and physical health and satisfactory quality of life of elderly people, to prevent premature aging, to ensure their healthy and active longevity and dignified old age.
- 6.Organizes popular science educational events for the population of the Republic of Armenia to raise awareness about healthy lifestyle and nutrition, bad habits, the impact of the environment on health and life expectancy.

1. In 2015, the AAIM joined the Eurasian Association of Internal Medicine and acts as a regional coordinator from Armenia.

2. The first international

international conference AAIM was held on July 3, 2019, jointly with the Eurasian Association of Internal Medicine.

AAIM activities for 6 years

- 1. During its 6 years of activity, the AAIM has organized 12 international congresses and 24 local and regional scientific and practical conferences, seminars and workshops.
- Every year, 2 international congresses are held, dedicated to the International Day of Family Doctor May 19, and the Day of the Outpatient Internist October 17, in which more than 500 doctors participate.
- 2. The AAIM fruitfully cooperates with both local medical professional societies (Armenian Associations of Family Doctors, Cardiologists, Hepatologists, Endocrinologists, Respiratory diseases, etc.), and with foreign medical organizations of Russia, Georgia, Belarus, Kazakhstan, Uzbekistan, etc.
- 3. AAIM has 3 working groups: 1) anti-aging and longevity medicine; 2) preventive medicine; 3) young internists;
- 4.The international congress "Actual issues of internal and family medicine" is planned to be held on May 16-19, 2025.

Thank you for attention!

It is a great honor for AAIM to become a member of EFIM.

I express my deepest gratitude and appreciation.

President AAIM Lamara Manukyan.
