PUGLIA, BARI

15-21 FEBRUARY 2026

The decision to choose Bari as the location was driven by the desire to offer participants an immersive experience. The 19th-century Masseria Agrituristica Lama San Giorgio, located in Rutigliano, with its centuries-old tradition, provided the ideal setting to foster group engagement.

The Masseria has a large historical meeting room in which to host the lessons. Immersed in nature, the mind relaxes, concentration strengthens, and studying becomes a more harmonious and productive experience.

THE SUSTAINABILITY

A central aspect for FADOI

Website: www.fadoi.org/esim-winter-school-2026

E-mail: esim.winter.italy@fadoi.org

ENERGY FROM THE SUN

The solar thermal systems of the Masseria heats water reducing the dependence on natural gas

NO PLASTIC!

Soap, shower gel and shampoo with organic ingredients in reusable dispensers reduce the consumption of plastic

RESPECT FOR THE ENVIRONMENT

The rooms' thermal insulation is made of natural cork

SUSTAINABLE WASTE

Rutigliano is a leader community in sustainable waste in Puglia

CONSCIOUS COOKING

Organic, seasonal and zero kilometer products, in an anti-waste philosophy

MONDAY

Guided Tour of the Castellana Caves

The Castellana Caves in Puglia are an underground karst system with stunning stalactites and stalagmites. Visitors can choose between two guided itineraries to explore these natural wonders.

TUESDAY

Italian Carnival party with Dj set and cocktail demonstration experience

A special Carnival party will be organized to give participants a taste of local culture and tradition with colorful masks, costumes, streamers, and lights, creating a festive and welcoming atmosphere. A perfect balance between professional networking and cultural immersion!

WEDNESDAY

Galeone Equestrian Center

Thanks to a collaboration between Arma dei Carabinieri and FADOI, the residents of the school will have the honor of visiting Equestrian Center – Galeone, managed by the Carabinieri Biodiversity Department, dedicated to the selective breeding, training, and preservation of native Italian horse breeds, supporting environmental protection and heritage conservation.

WEDNESDAY

Trulli of Alberobello

A guided tour of Alberobello offers the chance to explore the Trulli, ancient stone dwellings with conical roofs, a UNESCO World Heritage site. The experience includes visiting historic districts and entering a trullo to learn about its structure and history.

THURSDAY

Winery with wine tasting

Polvanera is a winery known for its commitment to sustainable viticulture and a rich variety of wines, including renowned local varietals. They produce wines that reflect the unique characteristics of the terroir. Polvanera offers wine tastings and tours, allowing visitors to experience their wines and the beautiful surrounding landscape.

FRIDAY

A handmade Barese pasta experience

A handmade Barese pasta experience offers a deep dive into Puglia's culinary traditions by learning to make the iconic orecchiette. With guidance from local experts, participants craft fresh pasta using traditional methods. A competition organized among participants to prepare the most similar Orecchiette to the original.

The team captained by Finland won 1 kg of ORECCHIETTE and 1 kg of TARALLI for each member!
