**Members of the QPIWG of EFIM
(23 members from 18 countries)**

The Activities of the Quality and Professional Issues WG of EFIM

(Approved on the 26th October 2017)

- 1) Promotion of educational programs dedicated to subjects like professionalism, quality of healthcare, management and organization of care, among others.
- 2) Development of investigational programs focused on the scope of the Committee: promoting medical professionalism and quality and safety in the provision of healthcare.
- 3) Contributing to the dissemination of new models of care, with an emphasis on integrated healthcare, where the role of the internist can be relevant.
- 5) Periodical production of position papers, on behalf of EFIM, about topics related with the mission of the committee. All the members will be co-authors of the papers, being the first author the one that wrote the draft of the paper and the last the chairman of the committee. The approach should respect the diversity of models of Internal Medicine in Europe.

Objectives of the QPIWG to 2019

- Publication of two position papers in EJIM in 2019
- Organization of a pre-congress course during the ECIM 2019 about “Quality of care, patient safety and doctor-patient communication” (coordinators: Matthias Raspe, Monica Bivol and Mine Duruse)
- Implement a survey International Survey about the different national models of Internal Medicine (Evert-Jan de Kruijf and Luis Campos)
- Implement a survey Internal Survey about the residency in internal medicine (Mine Duruse)
- Implement a survey about the impact of digitalization in medical practice (Matthias Raspe 2020)

Objectives of the QPIWG to 2019

- Using the website of EFIM to share implementation tools and national, regional and local experiences related with the subjects of the position papers.
- Promote workshops about the scope of WG previous to european congress, the national congresses, summer and winter schools
- Promote the introduction of these issues in the program of national internal Medicine congresses
- Create an e-learning course about quality in health care and doctor – patient communication (Matthias Raspe, Monica Bivol, Mine Duruse)
- Declaration of Lisbon (ECIM 2019) about “Impact on health of Environmental changes and the responsibility of the healthcare professionals” (Luis Campos)

Next Position Papers of the QPIWG of EFIM

- **Integrated Care** (Pietro Castellino)
- **Improving Patient Safety** (Mine Duruse and Matthias Raspe)
- **Prevention of Burnout** (Vasco Barreto)
- **Health Promotion and Disease Prevention** (Evert-Jan De Kruif)
- **Adressing Multimorbidity in the Hospital** (Luis Campos)
- **The impact of Digitalization in Medicine** (Matthias Raspe)

5th Meeting of the Quality and Professional Issues WG of EFIM (Diegem, 15 March 2019)
